- To create a NewNPD Request, go to **Quick Links** from **Right Corner** and Click on **'Create NPD'** icon.

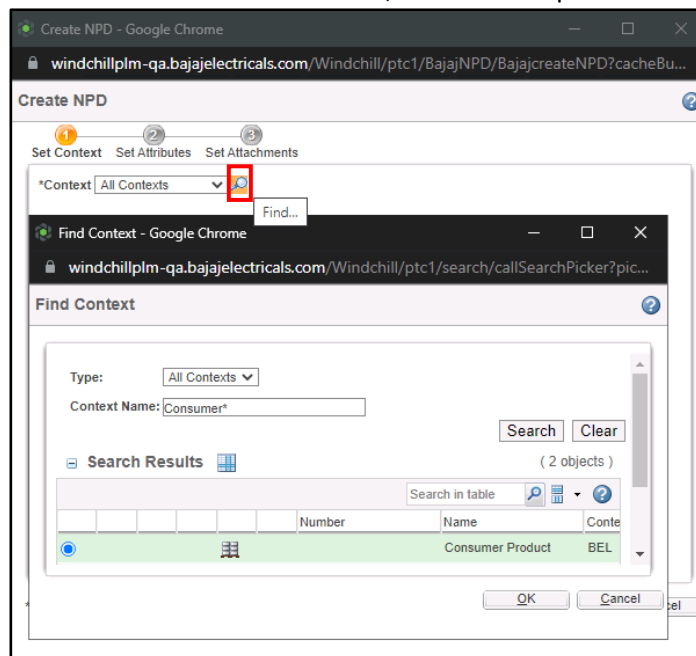

- Create NPD window will pop-up.
In the first step, the user needs to select the context where they want to create an NPD Request.

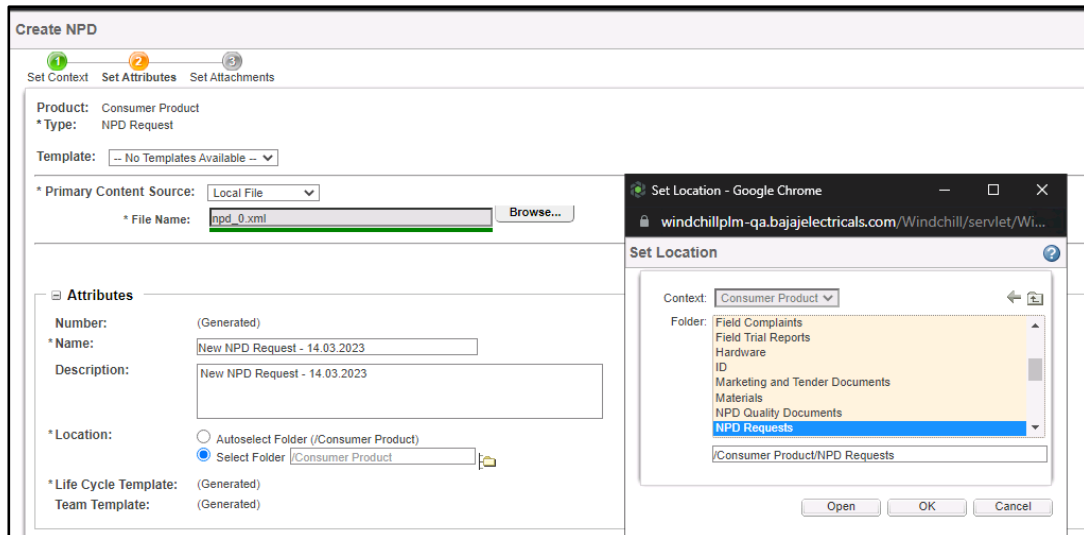

To find the required context, click on the **'Find'** icon.

'Find Context' window will open. Please search with the keyword in the **'Context Name'** field.

From the search fetched results, select the required context, and click on **'OK'**.

- Click on **Next** to fill in the NPD details.
 - Attach a Primary Content if required.
 - Fill out Name and description for NPD Request.
 - Set Location to 'NPD Requests' folder from the selected context as shown below.

Create NPD
